LM-200 Features

Tire & Wheel Lift

- ★ Increase productivity with the LM-200 Tire & Wheel Lift.
- ★ The QSP air powered mobile tire lift assists technicians by making everyday tasks much easier.
- ★ Maintains raised height when shop air is removed.
- ★ With heavy tire and wheel assemblies for today's vehicles, it can be difficult and dangerous for one person to lift in place.
- ★ This lift has steel rollers that are offset from the column to allow for easier lug nut access.

Heavy lifting accounts for 20% of all workplace injuries. The LM-200 is a powerful lift that can reduce those injuries and will be a workhorse in your shop for many years.
